

# School Readiness

*Parents and Teachers Agree: **Bright Horizons**® Graduates are Ready for School. When choosing a preschool, you want to know it will prepare your child for elementary school and beyond. When asked, more than 1,000 parents and elementary school teachers overwhelmingly agree that Bright Horizons' graduates leave our programs with a solid foundation in cognitive and social-emotional competencies and more. Check out the highlights of these findings below.*

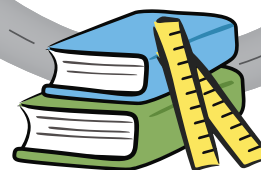

**97%** of parents report their child entered elementary school prepared and ready to meet the demands of the new school.

**94%** of teachers said Bright Horizons' graduates were ready to accept new responsibilities and greater independence.

**MORE THAN 98%** of Bright Horizons' parents and teachers agree Bright Horizons' graduates entered elementary school with a strong enthusiasm for learning.

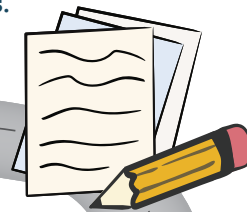

**MORE THAN 93%** of teachers agree that the Bright Horizons' graduates in their classrooms were well prepared with the reading and math skills they needed for academic success.

**97%** of parents said their child entered school with the ability to approach a challenge in an innovative or creative way.

**96%** of teachers agree Bright Horizons' graduates were prepared to meet the writing expectations in their classrooms.

**96%** of parents said their child was emotionally prepared for the requirements of the classroom.
